

METROWALL

MANUFACTURING, SALES & INSTALLATION OF GLASS OFFICE FRONTS AND PARTITIONS

METRO WALL

FOCUSED

Interior glass partitions manufactured in New York.

RESPONSIVE

We care - just a call, text, or email away.

QUICK

Speed at every step in the process means industry-best lead times.

PROGRESSIVE

Innovative ideologies + extensive experience = your ideal project partner.

EXPERIENCED

Decades of collective experience combined with continuing R&D investment.

GIVING

We give back through volunteer work & donations to charitable organizations.

MetroWall has extensive experience in the architectural wall industry. Since 2007 we have specialized in providing cost-effective and hassle-free solutions to our clients. We take pride in our ability to offer “quickest-in-the-industry” lead times while maintaining highly competitive prices. MetroWall has designed and tested product lines which are manufactured locally, reducing cost and lead times.

OUR MISSION

Our mission is to be the industry leader for office fronts in the Northeast and Mid-Atlantic Regions. We are achieving this by offering products that perform and service that exceeds expectations. We relieve our clients of responsibility by taking care of everything from field measurements to installation. Our team of professionals are experienced and passionate, and will ensure that each project is completed seamlessly and on time.

OUR GUARANTEE

We make it easy by providing support at every step! From the design phase right through to installation, we provide answers and service that ensure the successful outcome of every project.

We refuse to settle for anything less than complete client satisfaction.

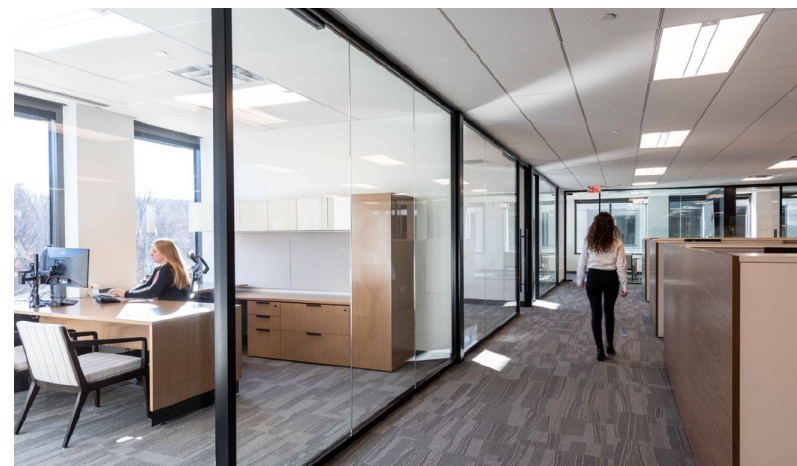

"You couldn't just take this [project] on without seriously thinking through the demands, the cash flow, the manpower, to get this done. MetroWall did a great job with project management, making sure that all the dates were lining up so that we could hit those targets. Structure Tone really likes when a partner like MetroWall sits down at the table with us and is as comfortable pushing us as we are pushing them."

- MICHAEL, STRUCTURE TONE

VETRO SERIES

The Vetro system provides an extensive range of options for our clients. Hundreds of possible configurations mean that almost any result can be accomplished. With robust leveling tolerances and simple building integration, Vetro eliminates issues caused by imperfect building conditions. Vetro can accommodate room schedulers, electric strikes, maglocks and much more.

This highly-versatile and cost-effective solution is the result of years of development and refinement. Contact a sales representative to learn more and to see how we can simplify your project.

"We needed someone who could get it done right, get it done on budget, get it done on time that would work with us within our vision...we wouldn't settle for anything and they didn't force us to settle. They're a great partner."

- RALPH, SOMERSET DEVELOPMENT

LP SERIES

MetroWall LP Series is the solution for the uncompromising minimalist. LP Series perfectly combines the low profile aesthetic with the functionality and assurance that you expect. LP Series is highly customizable and has been engineered to ensure strong acoustic performance.

Contact a sales representative to learn more and to see how we can simplify your project.

"It's been a rewarding experience working with you and the MetroWall team on recent projects. I want to thank you for being competitive in your pricing, responsive to our requests and for providing a timely, expert installation with a beautiful finished product. We will certainly be keeping MetroWall in mind as future projects come along."

- JOHN, AVISON YOUNG

DG SERIES

Our double glazed system can accommodate double glazing, single glazing, and/or solid panels in almost any configuration. With industry leading STC ratings (lab tested up to 48 STC), this system can meet the sound privacy requirements of the most discerning customer.

With multiple options for profiles, we're sure to have a solution for you. Contact a sales representative to learn more and to see how we can simplify your project.
